ABOUT NEW GOODS

That is universally attractive, whatever the line. There is freshness, beauty, new designs and many things about them that appeal to the admiration. Along this line we are just now offering attractions never surpassed in this community. We are receiving every day consignments of elegant footwear for summer wear, brand new and direct from the hands of the shoemaker, in designs especially intended for this market, carefully selected by ourselves.

A knowledge of what suits this market, gained from years of experience in it, is an assurance that our Shoes are just which the people will appreciate.

Our prices shall be consistent with our qualities—the qualities the best and the prices low.

To see our goods is to be our customer, for our qualities and prices are irresistible.

We have long since learned that our people don't want "bargain-counter stuff." Good, honest, up-to-date merchandise is what they want, and are more than willing to pay for it. Moreover, the quantities we buy—and buy for cash only—enable us to give you the best of merchandise for at least the same price that you'will pay for inferior goods away from home.

to MISS LITTLE PROFIT.

We, the undersigned, in making our marriage vow, have decided that while we expect to derive much pleasure from our union, we have not united for the sole purpose of selfishness, but to do something in this world to uplift some of the burdens that people of these days are ladened, and we feel that we can do more good by uniting our efforts than by doing so alone. The people must be clothed, and we are going to do it CHEAPER than any one else by doing a Big Business with Little Profits.

We did not unite to injure in any way MR. HIGH PRICE MERCHANT, and we will say that the people that have more money than they know what to do with can still buy the same goods that we sell at 30 per cent. MORE in PRICE at Mr. High Price Merchant's Store.

Let everybody unite in making the Business Big, and we will do our share to make, your merchandise cheap, and wit this done we can say MARRIAGE IS NOT A FAILURE.
